ALEXANDRIA, VA., THURSDAY EVENING, JULY 12, 1906.

PRICE 2 CENTS.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., took time by the forelock, as it were, and published broadcast all the ingredients of which his popular medicines are composed. This has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, causes highly objectionable results from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery" in all lung, chest, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing ingredients are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchitis, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Hecpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Hecpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Sent in stamps for sample to The Hecpicide Co., 250 First St., Mich.

[Entered at the Postoffice at Alexandria, Virginia, as second-class matter.]

Conductor Charged with Murder.

Nathan M. Riggs, a passenger conductor on the Omaha road, was arrested yesterday at Elroy, Wis., on the suspicion that it was he who on Tuesday mortally wounded Miss Millie Ellison in the National Hotel in Minneapolis, and then ignited her dress, over which he had poured alcohol.

It has been established that robbery was the motive of the crime. Miss Ellison recently sold her large millinery store in Ellsworth, Wis., and a few days ago came to St. Paul and Minneapolis bringing about \$4,000 in commercial paper. Her relatives understood that she and Riggs, who had been keeping company with the woman, were planning to invest in lands out West.

The man who registered at the hotel as "Wilson" the same hour that Miss Ellison took a room there, and who is supposed to be Conductor Riggs, went with the woman to a bank Tuesday morning and waited near the teller's window, while she cashed checks amounting to \$2,741. That was the last seen of the woman until employees of the hotel broke into her room and found her clothing on fire. But it has been learned that her companion went from the bank to the hardware store and bought the hammer with which her skull was crushed, and later to a drug store and bought a large bottle of wood alcohol, saying he was going camping and wanted it for fuel.

SUICIDE OF RIGGS.

Elroy, July 12.-N. M. Riggs under arrest here on the charge of murdering Miss Ellison in a hotel in Minneapolis, has committed suicide.

Investigation of Canned Meats.

The Massachusetts Board of Health yesterday made public the result of its investigation of canned meats. The board examined nearly 150 different kinds of canned meat, from every possible source, as well as the canned meat establishments.

It was found that many of the preparations contained a large amount of foreign matter. Of one brand of potted ham, prepared by a western firm, the report says:

"This was found to consist of a small amount of normal muscle, considerable epidemics in large pieces, numerous blood vessels and nerves and the salivary gland, ground to a paste. Quality poor, the material being largely scrap."

Of another western potted ham the report says:

"Abundant muscle fiber, considerable epidemics, much granular debris, some fat and cornmeal. Quality fair, but inasmuch as there appears to be no excuse for the presence of cornmeal, it must be regarded as adulterated."

A number of the other products, the board of health states, contain cornmeal. The board says:

"Deviled ham is, or should be, ham to which seasoning has been added. The majority of deviled hams in the market, however, contain added material which in no way can contribute to a sharp taste, or, indeed, to any taste. Cornmeal, for example, adds nothing to the flavor, but it is cheap and enables a meat product to carry considerable additional water."

Several brands of prepared meat were found to contain either boric acid or borax as a preservative. One western "chicken loaf" is thus described:

"Very little muscular fiber; much connective tissue and corn. It is preserved with either boric acid or borax. The label states that the material is of superior quality, having been carefully selected and inspected according to the law enacted by Congress March 3, 1891, relating to the inspection of meats."

Beats The Music Cure.

"To keep the body in tune," writes Mrs. Mary Brown, 20 Lafayette Place, Foughkeeps, N. Y. "I take Dr. King's New Life Pills. They are the most reliable and pleasant laxative I have found." Best for the Stomach, Liver and Bowels. Guaranteed by E. S. Leadbeater & Sons' druggists, 25c.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children with teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take to other kind.

WASHINGTON, D. C.

Charged with Stealing Diamonds.

A man who described himself as James Stellman, an engineer, 24 years old, of Brooklyn, was arrested in New York yesterday on a charge of complicity in a \$50,000 diamond robbery which occurred in London on March 14, 1905. According to the police, a man named Samuel Lockett is at present serving a five-year prison term in England in connection with the crime, having been arrested in Liverpool, Eng., soon after the robbery took place. The victim of the robbery was a salesman for a firm of French jewelers, Clattauer Brothers, who was in London on behalf of his house. He carried sample diamonds and other jewelry to the value of \$50,000 in a small hand satchel. It is alleged by the police that Stellman and Lockett followed the salesman about, and when the salesman entered a drug store in London and laid the satchel down the satchel was changed for one looking identically the same. The loss was not discovered until later.
